Appliances

The connection for your cooking appliance has been capped.

You will need to arrange for a certified engineer to install your appliance for you.

Washing Machine

When installing your washing machine, please ensure that a Jubilee Clip is used to secure the pipes in place. This will help to prevent a leak occurring when the machine is in use.

Please be aware that you will be charged for any callout fees occurred from leaks due to poor installation of a washing machine.

Outside Tap

The stopcock is positioned under the kitchen sink.

Please ensure you isolate your outside tap during the winter months to help reduce the risk of burst water pipes.

Please be aware that you will be charged for any callout fees occurred to attend to burst outside pipes where the tap has not been isolated.

Decoration

Decoration is not advisable during the first 12 months as the property will be drying out and cracks may appear which may need to be filled.

Toilets

Your new home has been fitted with a new type of toilet system, whereby in the event of a ball cock failure water will no longer flow outside the property via an overflow warning pipe but will continue to run into the pan of the toilet.

If you notice the water is continuously running please call our office to arrange for a plumber to rectify.

Please note: Blockages due to toilet wipes or excessive toilet paper are not considered a defect and will not be attending to by the Contractor

Smoke and Carbon Dioxide Detectors

The detectors are powered via the mains, with battery back-up. You are responsible for the replacement of the battery.

Gardens

Turf is provided in your rear garden.

Please see enclosed leaflet for guidance on how to maintain the turf. It is your responsibility to water the turf.

Parking

Please refer to the enclosed site map for your allocated parking space/s.

Recycling and Refuse Collection

Recycling and Compost bins have been provided, along with a water butt.

Please refer to Cambridgeshire County Council for local collection dates.
