

ZGG66424XS Built-in Hob

When you want to start cooking right away

With the pureflame gas burner, your pan reaches the right temperature straight away. Turn it on, and the entire base of your pan will instantly heat up.

Front controls that are easy for everyone!

With the control panel and power-level indicator ideally placed on the very front of this hob, left-handed and right-handed cooks can use them with equal ease.

Whip up your own delicious stir-fried dishes

The triple-crown gas burner on this hob gives you the searing, instantaneous heat you need to easily turn out perfectly cooked stir-fried dishes.
